Journal of Clinical and Analytical Medicine publishes manuscripts from every branch of medicine. The journal was being published three times in a year at the beginning. With the increasing number of submitted manuscripts, now the journal is published six times in a year and contains higher number of manuscripts in every issue. The journal is indexed in several international indexes like DOAJ, EMBASE, SCOPUS, and Index Copernicus along with the national indexes. We are very pleased to acknowledge that manuscripts from Urology take an important part in the context of the journal. The distribution of Urology manuscripts in the past three years is summarized in Table 1. We would like to thank all of our reviewers, readers and of course authors for their outstanding support and contributions to our journal.
